

THE SUNRISE COLLECTION

Issue No. 1

Summer Light, Beautifully Filtered

There is something peaceful about sunlight softened through natural woven shades. This month we're showcasing one of our favorite collections that brings warmth, texture and timeless style to Minnesota homes.

This issue features Lafayette Interior Fashions: Mahn Truc™ Woven Woods

Product Spotlight: Mahn Truc™ Woven Woods

Natural Texture. Timeless Style.

For over 70 years, Lafayette Interior Fashions has handcrafted premium custom window treatments in the USA.

Mahn Truc™ Woven Woods' renewable bamboo, reeds, grasses, and jute bring warmth and organic texture to every room.

Homeowners love them because they offer:

- Soft, filtered natural light
- Organic texture
- Privacy & blackout liner options
- Motorization
- Timeless designer appeal

From Heather

Welcome to the first issue of The Sunrise Collection!

Every month I'll share products I'm loving, recent installations, design inspiration, and simple ways to make your home feel more beautiful.

Thank you for allowing Sunrise Draperies to be part of your homes!

Design Tip

Layering Creates a Finished Room

- One of the simplest ways to elevate a room is to layer woven wood shades with custom draperies.
- Natural shades provide texture and light control, while draperies soften the architecture, improve acoustics, and add insulation.
- Together they create a timeless, designer look tailored to your home.
